### Minutes of Meeting

Dr. Sreeramulu PN, Principal welcomed the gathering and at the outset mentioned about the importance of Alumni Association in NAAC accreditation of our institution.

Principal encouraged the association members to contact old students of the college and enroll them for the association. He suggested including more activities similar to Doctor's day and Teacher's day or guest lectures by alumni during various CMEs.

Principal also informed that the College logo has been modified though not completely, reflecting the progressive nature of the institution. He then advised the General Secretary Dr. VinayBabu to conduct the proceedings.

Dr. VinayBabu addressed the members and stated that it is not only in the perspective of NAAC but also for the accountability of the association, we have to draw new activities towards serving society, college and the students. Students both old and present shall benefit with the association. He stressed the importance of strengthening the association further.

**ALUMNI ASSOCIATION®**

**Agenda 1: To draw a map for the activities by the association for the year 2020-21**

Dr. VinayBabu suggested that the Alumni Day can be organized and celebrated. It will be a nice platform for the alumni to meet each other and to interact. It was advised to involve one batch every year due lack of facilities to host big crowd.

Dr. VinayBabu said that one batch can take up the responsibility and others can also participate as the institution has the capacity to host more than 500 participants. The memories of the stay in Kolar can be relived with sightseeing activities transportation for which shall be arranged by the institution.

Dr. Sreeramulu PN suggested that a day can be dedicated to the alumni called as “SDUMC Alumni Oration Day” where the undergraduates can benefit both academically with alumni talk in their areas of expertise and as well nurture their career with guidance by discussing with alumni after the oration with an open discussion session. Dr. VinayBabu suggested that an “Alumni Day” can be organized with the guest lecture and open discussion. Dr. Prashanth

Murthy mentioned that involvement of the undergraduates will be pivotal in strengthening the alumni association.

Dr. Muninarayana C conveyed that fixing a day as Alumni Day is imperative like the day the first batch of Sri Devaraj Urs Medical College attended the first class. However, there was concern that the day may be on a working day affecting the presence of many alumni who are busy. Dr. VinayBabu and Dr. Prashanth Murthy suggested organizing the Alumni Day on first Sunday of the particular month. The possibility have organizing an Alumni Week was also discussed.

Dr. Vinay Babu suggested that Doctors day which was being observed by the association by felicitating doctors who are serving in and around Kolar may be henceforth observed by organizing carrier guidance programme for final year students and Interns. It was approved by all the members.

**SRI DEVARAJ URS MEDICAL COLLEGE**  
**ALUMNI ASSOCIATION®**

He suggested every three months once for an in person Alumni Association Executive Committee meeting and monthly once online zoom meeting.

Dr. Anil NS Executive member suggested about organizing CMEs with themes to enhance the alumni registration. Dr. Prashanth Murthy further suggested that for the CMEs we can invite Alumni as speakers.

Dr. Muninarayana, Treasurer expressed that it is good proposal to involve alumni in CME as guest speakers. He also suggested that alumni association should take social responsibility & extension activities like volunteering for camps & social services and these could be started at a grass root level and extrapolated incrementally. He also suggested earmarking a particular batch

There was consensus among all members that there should be community involvement with programs for this year. The suggestions included webinars due to COVID-19 lockdown and providing talks in schools to create COVID awareness. Dr. Sridevi suggested donating towards infrastructure of local schools. Dr. Praveen Kumar mentioned it was imperative to conduct and communicate these activities to the Alumni around the globe as ways to strengthen the alumni association.

**Agenda 2: To entrust duties and responsibilities to all members**

With regards to duties and responsibilities there was a consensus that one particular batch take up the organizational responsibility of each activity in turns with alumni from other batch also working towards the task orientation as cross functional teams. Alumni members of all batches are interdependent since they bring to bear a set of resources to achieve the goals of the alumni association.

**Agenda 3: To discuss on bringing in any changes in the process of Registration of students**

Dr. VinayBabu has prepared Google forms for the ease of the process of registration. It was decided that all members should share the form and request their entire respective batch mates as well as known alumni to register. Dr. Muninarayana C suggested that the Alumni registration fees

**SRI DEVARAJ URS MEDICAL COLLEGE**  
**ALUMNI ASSOCIATION®**

for SDUMC can be collected from the students by collecting fee towards SDUMC old students association during the time of students' admissions.

Dr. Muninarayana C mentioned that the Hon'ble Vice Chancellor, SDUAHER had briefed that the decision will soon be conveyed regarding financial allocation of alumni association fees collected so far. The consensus from the alumni association is for the Academy to sanction the funds collected towards the registration of alumni till 2007 in entirety to the SDUMC Alumni association and the subsequent fees collected are divided equally amongst SDUMC and SDUAHER Alumni associations respectively towards association activities.

**Agenda 4: To find measures of tracing alumni whose details are not available with the association**

Dr. Vinay Babu mentioned that the tracing of alumni has been difficult and suggested batch wise updating the details; creating the database of alumni is crucial. Dr. Muninarayana C suggested that the association can initiate a membership drive for the same. If the registration fees have been not collected from an individual or batch then the same shall be collected during the membership drive.

**Agenda 5: To find measures of improving on the financial contributions by the Alumni**

Principal Dr. Sreeramulu suggested that the members donate towards the finds of the association. Dr. Vinay Babu and his batch mates honored the suggestion resolving to contribute the seed money for the Alumni Association's first social activity. Dr. Sreeramulu PN and other members of the alumni association applauded the same.

**Agenda 6: Any other relevant matter**

There was a suggestion by Dr. Muninarayana C to change the logo of the association, it was brought to the notice of the members that the logo has been already accepted by the association.

With respect to the Alumni Charter, Principal Dr. Sreeramulu PN mentioned that the certificates or documents needed for the alumni for abroad certificate authentication or any other services is happening smoothly for the batches of 2010 onwards where the certificates/documents are issued

**SRI DEVARAJ URS MEDICAL COLLEGE**  
**ALUMNI ASSOCIATION®**

within three working days. However, pertaining to batches before 2010 he expressed his regret as the data is not too vast and the timings cannot be assured also in part due to the lack of computerization of the information previously.

He further mentioned for any reissue of certificates with name change or initials expansion there should be a court affidavit and advertisements announcing name change in two local newspapers – one in the local official language and another in English or as per the laws applicable during the submission of the application. He also stated that the above is merely gesture of help and does not bind either the candidate or Academy or its representatives legally. He also mentioned that for collecting the original certificates the candidate has to come in person.

There was unveiling of the association banner with photo shoot.
